Fund Benchmark: 25% Stoxx 50 NR; 33% ICE BofAML Euro Broad Market; 42% ICE BofAML Euro Treasury Bill
Fund Category: Blend Europe

Investment Objective

The fund seeks to strike a balance between the preservation of capital and long-term growth, through the construction and management of a balanced portfolio of European stocks and bonds. The investment process incorporates a framework that analyzes the social and environmental impact of the entities when considered as an investment. In particular, the governance of corporate is examined as an important indicator. The objective is to favor those companies and entities that have a strategy focused on following social, environmental and governance criteria (ESG), under the assumption that these entities grant a more adequate risk profitability profile. Accordingly, the fund will be considered an ESG investment.

The fund will invest a maximum of 50% of its assets in equities. Up to a maximum of 70% of the fund assets may be invested in debt instruments issued by EU Member States or Supranational Entities with at least an investment grade rating and complying with SRI criteria. This investment may not be suitable for investors who plan to withdraw their money in less than 5 years.
